ABOUT AFRICA OIL WEEK

Now in its 27th year, Africa Oil Week (AOW) is a world-renowned brand that is synonymous with supporting international oil, gas and energy companies in engaging with governments to transact on investment opportunities and new ventures.

Over the last 3 years AOW has developed a mandate to support governments in attracting international investors and operators as partners on key projects and licensing rounds.

Our programme is carefully curated to ensure ministries can fast-track the signing of MOUs on shovel-ready projects and licenses, whether through direct bids or open bidding. You will have a dedicated platform to meet the most important CEOs, SVPs, CFOs and brokers to advance your oil, gas and energy strategy. We can support your government in the following ways:

- **Ministerial Keynotes:** We will provide the relevant minister the opportunity to host a keynote on our plenary stage or to open a dedicated National Showcase to a group of senior decision-makers who have a specific interest in your oil, gas and energy sector
- **National Oil Companies:** We provide National Oil Companies with a platform to promote and market bidding rounds, exploration history prospectivity opportunities to operators and geophysical companies.
- **Regulators:** We can support regulators and concessionaires by providing a platform to promote your favorable fiscal and governance policy to our audience. This will help you set yourself apart from the competition at a time when business competitiveness is critical to private sector participation.

“

The Africa Oil Week Government Programme formalises an environment conducive to deal-making for ministries, concessionaires, regulators and National Oil Companies

Paul Sinclair, Director of Africa Oil Week

PROVIDING A DEAL-MAKING PLATFORM FOR GOVERNMENT

Africa Oil Week is synonymous with deal-making across African oil, gas and energy. The Africa Oil Week government programme will provide your ministry

with an exclusive platform to meet CEOs, investors and partners who are looking to develop new business in the African upstream.

BECOMING A GOVERNMENT PARTNER

Once you have joined the programme, we will reach out personally to gain a better understanding of your requirements. This will include:

- **Investment:** Upstream investment and partnership opportunities
- **Licensing:** Promote your licensing rounds to operators looking to win concessions and develop your onshore/ offshore opportunities
- **Infrastructure investment:** Present your critical infrastructure projects to EPCs, service companies and investors looking to partner in your critical infrastructure

- **Private meeting for your minister:** A bespoke meeting programme to connect with majors, operators and contractors to partner in your upstream
- **Policy and governance promotion:** Delivering a national showcase on the developments surrounding the ease of doing business in your country.

Africa Oil Week is home to the largest number of CEOs and deal-makers in the global upstream. This is your unique opportunity to access that community and tap into global capital and partnerships that will drive the future success of your hydrocarbon and energy sector.

OPPORTUNITIES:

NATIONAL SHOWCASE

A National Showcase is a dedicated platform for your country to engage with operators and investors about the upstream project and licensing opportunities in your country. Promote reforms and new legislation to ensure your country is seen as a competitive risk adjusted opportunity in which to participate.

MEETING PROGRAMME

As a part of the programme, your minister will have the opportunity to access our meeting programme, where our concierge service will arrange meetings with the exact target companies with whom you wish to engage. This will fast track your ministry to the most active investors and operators looking to participate in your upstream and energy sector.

KEYNOTES AND MEDIA

We can create bespoke speaking opportunities for your minister, NOC or regulator to promote your oil, gas and energy future to 1800+ business leaders. We provide an opportunity to host dedicated press briefings to promote messages of your choice in front of exclusively selected media outlets, including broadcast, radio, digital and print.

AFRICA ENERGY ALLIANCE

ABOUT AFRICA ENERGY ALLIANCE

Uniting the African Energy Industry; connecting leaders for sustainable energy growth in Africa.

The inaugural Africa Energy Alliance brings together the most senior stakeholders across the African energy space – from Ministers of Hydrocarbons and Heads of International Oil Companies, to Ministers of Power and Directors of National Utilities and IPPs – to discuss a blueprint for Africa's sustainable energy future, network at the highest peer-to-peer level, and drive international finance towards domestic and national energy projects as we provide a strategic platform for attractive commercial partnerships and opportunities.

ABOUT HYVE

We are on a mission to spark connections, build communities, broaden horizons and enable opportunities for millions of people.

We believe in the power of human connections. We unite business communities and connect millions of people across the globe, to share extraordinary moments and shape industry innovation.

Our market-leading in-person events offer our customers unbeatable return on investment and time. Each event provides an unmissable experience for industry leaders, with access to the latest insights and trends, thought-provoking content and countless opportunities to learn, network and trade.

These in-person events are complemented by a programme of highly engaging digital content and virtual events, ensuring that our communities remain connected and supported year-round.

Where business is personal, where meetings move markets and where today's leaders inspire tomorrow's.
